Newsy Notes of Pendleton

Has the Smallpox.

Edgar Stickler has been quarantined for smallpox at his home, 505 Clay street.

Whitman Professor Here.

Prof. Bratton, head of Whitman college during President Penrose's absence, is making a visit to the local schools today.

Hoboes On the Wing.

Chief Kearney reports an unusual number of hoboes passing through Pendleton at this time. They are passing through because they are prevented from turning the chief estimating that he and his men give between and fifty each day the word to be on their way.

Near-Bootlegger is Vagued.

Frank Sullivan was this morning given 15 days in jail on a vagrancy charge and narrowly escaped prosecution on a charge of selling liquor to an Indian. He had been supplied with money by a redskin, had secured the liquor but just before handing the bottle over detected the eye of Patrolman Manning upon him.

Keep Off the Grass.

Much complaint is reaching the police officers of trespassing on the old cemetery on the north side which is being torn to grass by the Civic club. The ground has been plowed and the seed sown but the constant crossing of the cemetery by pedestrians is annoying those in charge. The police have issued notices prohibiting any further trespass.

Debaters Are Back.

Clarence Bean and Vernal Backman, members of Pendleton high school's champion debating team, are back from a fishing trip to Gibbon. They failed to land many fish but brought back with them renewed vigor. Both had been ill and the recreation supplied them with strength to prepare for the final contest with Oregon City for the state championship.

Reddie Pleases Audience.

Prof. A. F. Reddie of the department of public speaking at the University of Oregon, pleased a fair-sized audience last evening in the high school auditorium by his reading of Kennedy's "The Servant in the House." Prof. Reddie proved himself to be a finished student of dramatic expression and will be welcomed back to Pendleton. He came here in connection with the extension work being done by the state university.

Spelling Contest Friday Evening.

Supt. J. S. Landers announced this morning that the spelling contest to select two representatives from each grade from the third to the eighth to enter the county championship finals in this city May 1 will be held in the high school auditorium tomorrow evening. The spelling will be done orally as in the old time spelling bees, commencing with the third graders. The public is invited to attend the contest.

Will Come to Round-up.

W. L. Thompson, president of the American National Bank, has just returned from a visit to Spokane and says he was assured many times by Spokane people that they will again run a special train to the Roundup. In Spokane Mr. Thompson attended a banquet by the Chamber of Commerce which is preparing to reorganize its work upon a new basis and among other things will look closely to the handling of people who come west next year for the San Francisco fair.

Social Hygiene Meetings Tonight.

This evening the second meetings of the series being held by the local social hygiene society will be held in districts one and three. The places of meeting will be the Hawthorne and Lincoln schools and the same speakers as conducted the first meetings will be present. The form of instruction, however, will be dialogues between doctor and layman while the members of the audience will be provided with blank slips upon which they may write questions they wish answered by the physician.

In Court for Asking Drink.

If the indictments returned against local saloonmen result from traps laid for them, as they claim, they are taking precautions against falling into any further snares. They are charged with selling liquor to minors and yesterday a bartender in the State saloon swore out a warrant for the arrest of Clarence Walker, a boy under legal age who entered the saloon and called for a glass of beer. He pleaded guilty in police court and was sentenced to pay a fine of \$25 or spend 12 days in jail. Sentence however, was suspended and he was paroled in custody of his father. The ordinance prohibiting minors from asking to be supplied with liquor but this is the first time a conviction has been secured for a violation of that particular provision. Young Walker declares he was not sent in as a stool pigeon but was prompted simply by the desire for a glass of beer.

QUARTER MILLION VOLUNTEERS WILL SERVE IN MEXICO

DRAFT COMPLETED BY WAR DEPARTMENT—CALL MAY COME SOON.

WASHINGTON, April 23.—No volunteer organizations outside the regular militia will be considered. This was made clear to several Massachusetts militia officers who called at the war department. The department does, however, want the militia regiments recruited to full war strength.

WASHINGTON, April 23.—The war department has completed a draft of a call for a quarter of a million of volunteers for service against Mexico. It will not be issued until it becomes necessary. Most of the government officials believe this will be soon.

Liquor Trial On.

Martin Anderson, proprietor of the Bowman bar, is on trial this afternoon in the circuit court on a charge of selling liquor to a minor, his cases being the first of the five involving local saloonmen. The case against LaTourrette & Houseworth will probably follow and that against William Bogert next. Archie Booth, a 17 year old boy, is the prosecuting witness. He testified that he purchased a glass of beer in the saloon of the defendant last January from a man behind the bar. He admitted that he did not see the defendant at the time. Booth was still on the stand at press time undergoing cross examination.

Patient at Hospital Dies.

Albert New, aged 25, and a former resident of Medford, died last night at the eastern Oregon state hospital of mental exhaustion. He had been insane for a number of years.

Marriage License Issued.

A marriage license was issued yesterday to Floyd S. Kerslake and Hattie J. Taylor, both of this county.

CITY COUNCIL TO LISTEN TO ASSESSMENT COMPLAINTS

For the first time since the improvement district plan of assessing the costs of street improvements was adopted by the voters of Pendleton the city council has been called upon to sit as a judicial body to listen to complaints of the inequity of assessments. Last night Sophia Byers McComas and other property owners in the so-called East Court street district entered a formal protest to the assessments made against their property and called upon the council to appoint a time when each of the protestors can present evidence to show that the assessments have not been made in conformance with the peculiar and special benefits derived by the property from the improvement.

Mayor Matlock referred the protest, which was signed by S. A. Lowell and Raley & Raley as attorneys for the objectors, to the street committee and no action was taken last evening. The question now arises as to whether the protest has force inasmuch as the council has not yet passed the ordinance fixing the assessments. All that has been done at this time has been the filing of estimates of the cost by the city engineer.

The objectors base their protest upon the alleged grounds that the amount of the assessment percentage is not in accordance with the benefits derived by the property, that the proportion of the total cost exceeds the proper proportion and that some lands benefited by the improvement have not been included in the district. They therefore, ask for a readjustment of the percentages and assessments.

SPECIAL SQUADRON BLOCKADES PORTS

WASHINGTON, April 23.—Secretary Daniels has ordered the formation of a special squadron for "inshore work" in connection with the Mexican blockade. It will be under Admiral Winslow's command. It consists of the New York, Washington, Texas, Montana, Tacoma, Des Moines, Chester, Salem, Nashville, Dolphin, Castine, Machias, Wheeling, Petre, all shallow draft vessels which can run close in shore.

WASHINGTON, April 23.—American marines have captured federal breastworks three miles inland from Vera Cruz. It was stated that this was the only extension of military operations in the city's vicinity.

NOGALES CITIZENS ARM IN EMERGENCY

NOGALES, Ariz.—April 23.—Citizens are arming for protection in the event of trouble with the Mexican population here and in the neighboring Mexican town of Nogales. Guards are being posted along the water mains and canals. The Mexican population of the two towns is about five thousand.

ARMS AND AMMUNITION TO REBELS WILL BE CUT OFF

EXPORTATION WILL BE STOPPED BY ORDER OF THE WAR DEPARTMENT.

EL PASO, April 23.—Acting under war department instructions Colonel Hatfield has notified customs collector Cobb to stop the exportation of arms and ammunition to constitutionalists and others at Juarez or other Mexican points.

The constitutionalists have a shipment of one hundred and fifty thousand rounds of ammunition due this afternoon and orders are in for a million and a half cartridges. They are enroute from the factory.

WHY IS IT! We do not have any special sale, no mark downs, and yet we are always busy? Simply because the buying public has confidence in The Golden Rule Store's business policy. and marines will be ashore at Vera Cruz, Secretary Daniels has announced. Thirty three hundred men are ashore now.

WASHINGTON, April 23.—Reports from Admiral Badger to the navy department declared that the American and foreign refugees at Tampico had been ordered taken off from the city through the courtesy of the British and German cruisers. It is reported all is quiet at Vera Cruz. Admiral Badger is aboard his flagship.

WASHINGTON, April 23.—A cable received at the navy department from Admiral Badger at Vera Cruz said: "By the courtesy and energy of the captains of the German and British cruisers, 1200 American refugees are now aboard the ships in this harbor."

U. S. CAVALRYMAN IS ARRESTED; RELEASED

CALEXICO, April 23.—A United States cavalryman was arrested last night in Mexicali, just across the border, disarmed and later released. His arms were returned to him and he was escorted back to the line with an admonition to stay on the American side.

Orders For General Army Movement to Mexico Awaited

(Continued from page one.)

IRRIGATION WORKS WILL BE PROTECTED AT YUMA

DOUGLAS, Ariz., April 23.—Two special trains here left for Fort Huachuca to take two troops of cavalry and a machine gun platoon to Yuma to protect the irrigation works there. A detachment of cavalry is at work today on entrenchments at Forest Station in preparation for eventualities.

STRIKERS TO FACE ADDITIONAL FORCE

MORE MILITIA ENTRAIN FOR COLORADO FIELDS—RIOTING CONTINUES.

TRINIDAD, April 23.—With the toll of yesterday's fighting unknown three fighting properties were burned to the ground and others reported destroyed while the fate of 23 refugees of the Empire mine, who took to the mine, is still in doubt. The rapidly increasing army of strikers is still active. The situation in southern Colorado is more critical than at any time since the strike started. Eleven were reported killed yesterday and a score are missing.

TRINIDAD, Colo., April 23.—Thirty-five including five women and three children are reported trapped in the blazing coal mine shaft house at Empire. Twenty-five are similarly situated at Aguilar. The latest dispatches say more than a thousand armed strikers are gathering to prevent militiamen from giving succor.

Embargo Not Restored.
WASHINGTON, April 23.—Secretary Bryan denied the embargo on shipments of arms and ammunition into Mexico was restored following Carranza's threat.
